

VOTE Isaac! 'Olding on to what is important!'

I am a third-year psychology student and have been involved within aspects of the Students' Union during my time at Cardiff Met. This included looking after sports students at Soda nightclub socials in my first two years, being part of several societies, and holding the roles of Vice-President for the Christian Union and SU Activities Officer.

If I am elected, I will aim to create a more accessible environment with improved transport and better mental health support. I will also push for more daytime activities and assist societies in continuing to run to the best of their abilities in order to create a vibrant and active campus. My aim is also to increase the number of part time jobs advertised and provide students with the option of having a reading week. I am striving to create a welcoming environment for all international students through celebrating important holidays and events.

### **We need an ACCESSIBLE campus!**

- **Improve the bus services** for Cardiff Met, with weekend buses between campuses and better evening links between Llandaff and Cathays/Roath.
- Continue the provision of the fantastic mental health schemes already available such as **Campus Canines** and the **Student Minds sessions**.
- **Improve access** to support from **Student Services** by reducing the waiting time.
- Fight for better access to **parking** on and near campus.
- Aim to extend the **opening hours for both gyms** and improve weekend access.
- **Offer microwaves** around campus for students to heat up their own food.

### **We need an ACTIVE campus!**

- **Increased daytime activities** around campus for those long breaks and for commuters
- **Assistance for societies**, to become a bigger part of Met life; guaranteed funding for active societies and provision of workshops to help committees
- **Improve advertisement** of student led events on campus.

### **We need an EMPLOYABLE campus!**

- Find more **student jobs** to be advertised through job shop.
- **Offer temporary jobs** for one off occasions in the university.

### **We need an ACADEMIC campus!**

- Provide students with the option of having a **reading week**
- Aim to use a university wide platform for students to find **participants for final year projects**
- Have an open-door policy for **available classrooms** to be used as **revision spaces**.
- Increase the number of **lectures that are recorded**.

### **We need a Global campus!**

- Offer **Welsh language lessons** around the University
- Make Cardiff Met **more welcoming for international students** providing more opportunities to celebrate important holidays and events
- Improve how **sustainable** both campuses are
