

Abby Simm for SU Vice President

#VoteAbbyVP

Hi there! I am **Abby Simm**, a third year English and Creative Writing student and I am running for Vice President of your SU for 2021/22.

I have spent my third year as a Student Ambassador and the School Representative for Education and Social Policy. After joining the Drama Society, I was elected the role of President for this past year.

Why chose me?

Through my opportunities over my years here at Cardiff Met, I have been an active member of the Student Union and am dedicated to the Cardiff Met students. I am driven and am here to make a positive change.

I know the university well and have connections across the schools. I also know both the campuses well and I have developed good connections across the university dealing with a number of different and complex matters.

I have had amazing opportunities to voice the student's opinion, and if I am successful in this election, I will be able to keep speaking on behalf of the entire student body.

What will I do if elected?

- Equality around campus

One of my main goals is to make sure that every student feels included. No matter your background, beliefs or interests, everyone is welcome and supported at Cardiff met. I want the students to feel that there is more inclusion and raise awareness around sensitive subjects that are often avoided.

- Campus to Campus Community

I was lucky to have degrees on both the campuses and to get to know people from them really well. I would like to look at more events and transport between the two campuses to unite Llandaff and Cyncoed students.

- More work/social spaces

There are so many areas changing in Cardiff Met, I would like to make areas more suited to studying or social events. Creating the right atmosphere for your university experience. Less crowding in the library spaces and utilising unused rooms can set the right mood for your productivity.
