Representation

Course Reps!

Course Reps gather feedback from others on the programme - and then provide this feedback to the university.

The university then action this and seek to improve their programmes.

Anyone can sign up to be a course rep. You just need to have the drive to talk to others and then relay this feedback to the university.

You receive support and training from the SU throughout your time.

Rep recruitment takes place in the first couple of weeks of term! Just let your programme leader know you are interested.
